by the allopathic doctors, is prescribed by them almost universally in cases of Liver Complaint, Consumption of Lungs, &c. THE MANDRAKE PILLS

When we reflect that the liver is the largest when we reflect that the liver is the largest internal organ of the body, that to it is assigned the important duty of filtering the blood and pre-paring the bile, that it is subject to many disor-ders, and that when it is diseased, or inactive, the whole body suffers sympathetically, it is not surprising that a medicine which can restore the healthy operations of the liver should produce wonderful changes in the general health, and effect cures which may appear to be almost miraculous. Headache of long continuance, severe pains in the side, breast, and shoulders, aching of the limbs, a feeling of general weakness and wretchedness, and other alarming or distressing symptoms, indicative of imperfect or disordered action of the liver, are speedily removed by the use of SCHENCK'S MANDRAKE PILLS.

FOR THE CURE OF

DYSPEPSIA, INDIGESTION, Weakness or Debility, Flatulency and Mausea Loss of Appetite, Nervounness, Liver Com-plaints, Bilious Fevers, and all Disease of the Stomach, Liver, and Bowels. AS A PREVENTIVE FOR FEVER AND AGUE

THESE BITTERS ARE NOT EQUALLED. W. P. & A. W. GREELEY, Proprietors, Beston. THE OBJECT of all medicine is either to pre-

vent disease, or to assist Nature in restoring the various organs of the body to a healthful action, and that medicine is certainly the best which will perform those offices thoroughly, yet mildly, and without endangering the vital forces of the system, by whose normal condition alone health and strength can be preserved. Most of the Bitters that have heretofore been brought into popular favor, have only served the purpose of temporarily stimulating or exciting the organs into a condition resembling healthful action, without any remedial effect, and generally followed by a return of the disease, or a prostration of nervous energy more disastrous than though Nature had een left to take its own course.

Dr. Greeley's Bitters are a preparation of the nutritive properties of the grain of the fields in combination with the active principle of many simple alteratives and bitter tonics, and it is a pleasure to the proprietors to state that its usefulness is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the testimony of many eminent physicians, who have not only made trial of it, but continually prescribe the Bitters in those cases for which it is recommended.

AGED PEOPLE, AND ALL WEAKLY PER-

Consumptive patients, and others, whose constitutions have become impaired by time, or enfeebled by disease, and in whom the process of digestion does not replace the fat and tissues of the body as fast as they waste, will find these Bitters at once nourishing and strengthening, and happily adapted for their use. The great advantage the Bitters possess over ordinary stimulants usually prescribed in treating lung complaints and kindred diseases, is the fact that they combine many safe and certain healing properties in connection with the best known stimulant.

DELICATE LADIES

Will derive great benefit from it. No unpleasant effect will ever result from taking the Bitters, if the directions are followed. For those who suffer from nervous debility, languor, want of rest exhaustion, and in all cases of weakness, the Bitters are not equalled.

As an agreeable stomachic, it is much admired; it sharpens the appetite, brightens the intellect, and infuses new life and vigor. No one who uses these Bitters can be subject to an at-tack of FEVER and AGUE, or DIARRHŒA.

Of all the ills that afflict men and women, few are so agonizing as Dyspepsia. It is a sort of combination of many diseases. Thanks to science combination of many diseases. Thanks to science and Ds. Greekey, a specific has now been obtained. Greekey's Bouranox Birtrus take straight hold of the disease, and begin a cure. Thousands of well-attested cases of cures of Dyspepparation and Faver and Ague, even of

ands of well-attested cases of cures of Dyspepsia, Indigestion, and Fever and Ague, even of the most desperate kind, are in the possession of the proprietors.

Not a few people, everywhere, complain of Weakness or Debility. This is the gentle hint of nature for a little help in the way of invigoration. The hint should not be neglected. "A stitch in time saves nine." Get a supply of GREELEN'S BOURNON BITTERS, take them regularly, and our word for it you will feel better, live longer, be stronger, and think and act with very much more satisfaction. The Bitters are a tonic, and of a nature never before attained in any medicine. It will make the weak strong, the desponding hopeful, the sick well. For any complaint of the Stomach, Liver, or Bowels, there is nothing comparable with this medicine.

In America, the Liver is the best abused of all In America, the Liver is the best abused of all the organs in the body. It is made the saddle

the organs in the body. It is made the saddle of all other organs. As a consequence, it is often out of order, and not unfrequently nearly inoperative. This need not be; on the contrary, it is quite unnecessary. A little common sense, and a sufficiency of Gassley's Bounson Bittes, will keep the Liver right, and make man a man, and woman, now miserable, quite happy. The Bitters regulate and strengthen the Liver, no less than purify it.

The increase of Nervous Disorders, at the present day, is one of the most alexaning indication.

ent day, is one of the most alarming indications of the age, or rather, would be, were it not that a most admirable cure had been found. There a most admirable cure had been found. There is not a phase of Nervous disease, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with Indigestion, or any diseases of the Stomach, should not fail to make use of Gerelev's Bourson Bitters.

Chills and Fever. In many portions of the United States this terrible disease seizes its vic-United States this terrible disease seizes its victims as naturally as water seeks its level. The system in a particular condition invites it. The right medicine to prevent and cure this malady, we unbesitatingly say, is GREKLEY'S BOURSON BITTERS. It breaks up the fever, drives it from the system, and will keep it at bay, if taken in accordance with directions on the bottle. The Bitters purify and enrich the blood, and this in return strengthens the constitution. As an agreeable tonic, these Bitters have no equal.

The worst cases of Dys-pepsia and Indigestion yield to the remarkable potency of the Bitters, which is as agreeable to the taste as it is speedy, and unfailing in its good effects. effects.
